**For Michelle, whose creativity first inspired Budsies  
and whose innocence continues to push us to make smiles.**

It's a fabulous day in Fillican Forest and  
Dongler has just finished a hard day of work  
at the Charming Chowmungle Chocolate factory.

Fridays are his favorite day of the week because Mrs. Dongler always prepares his favorite meal for dinner - Squash Soup.

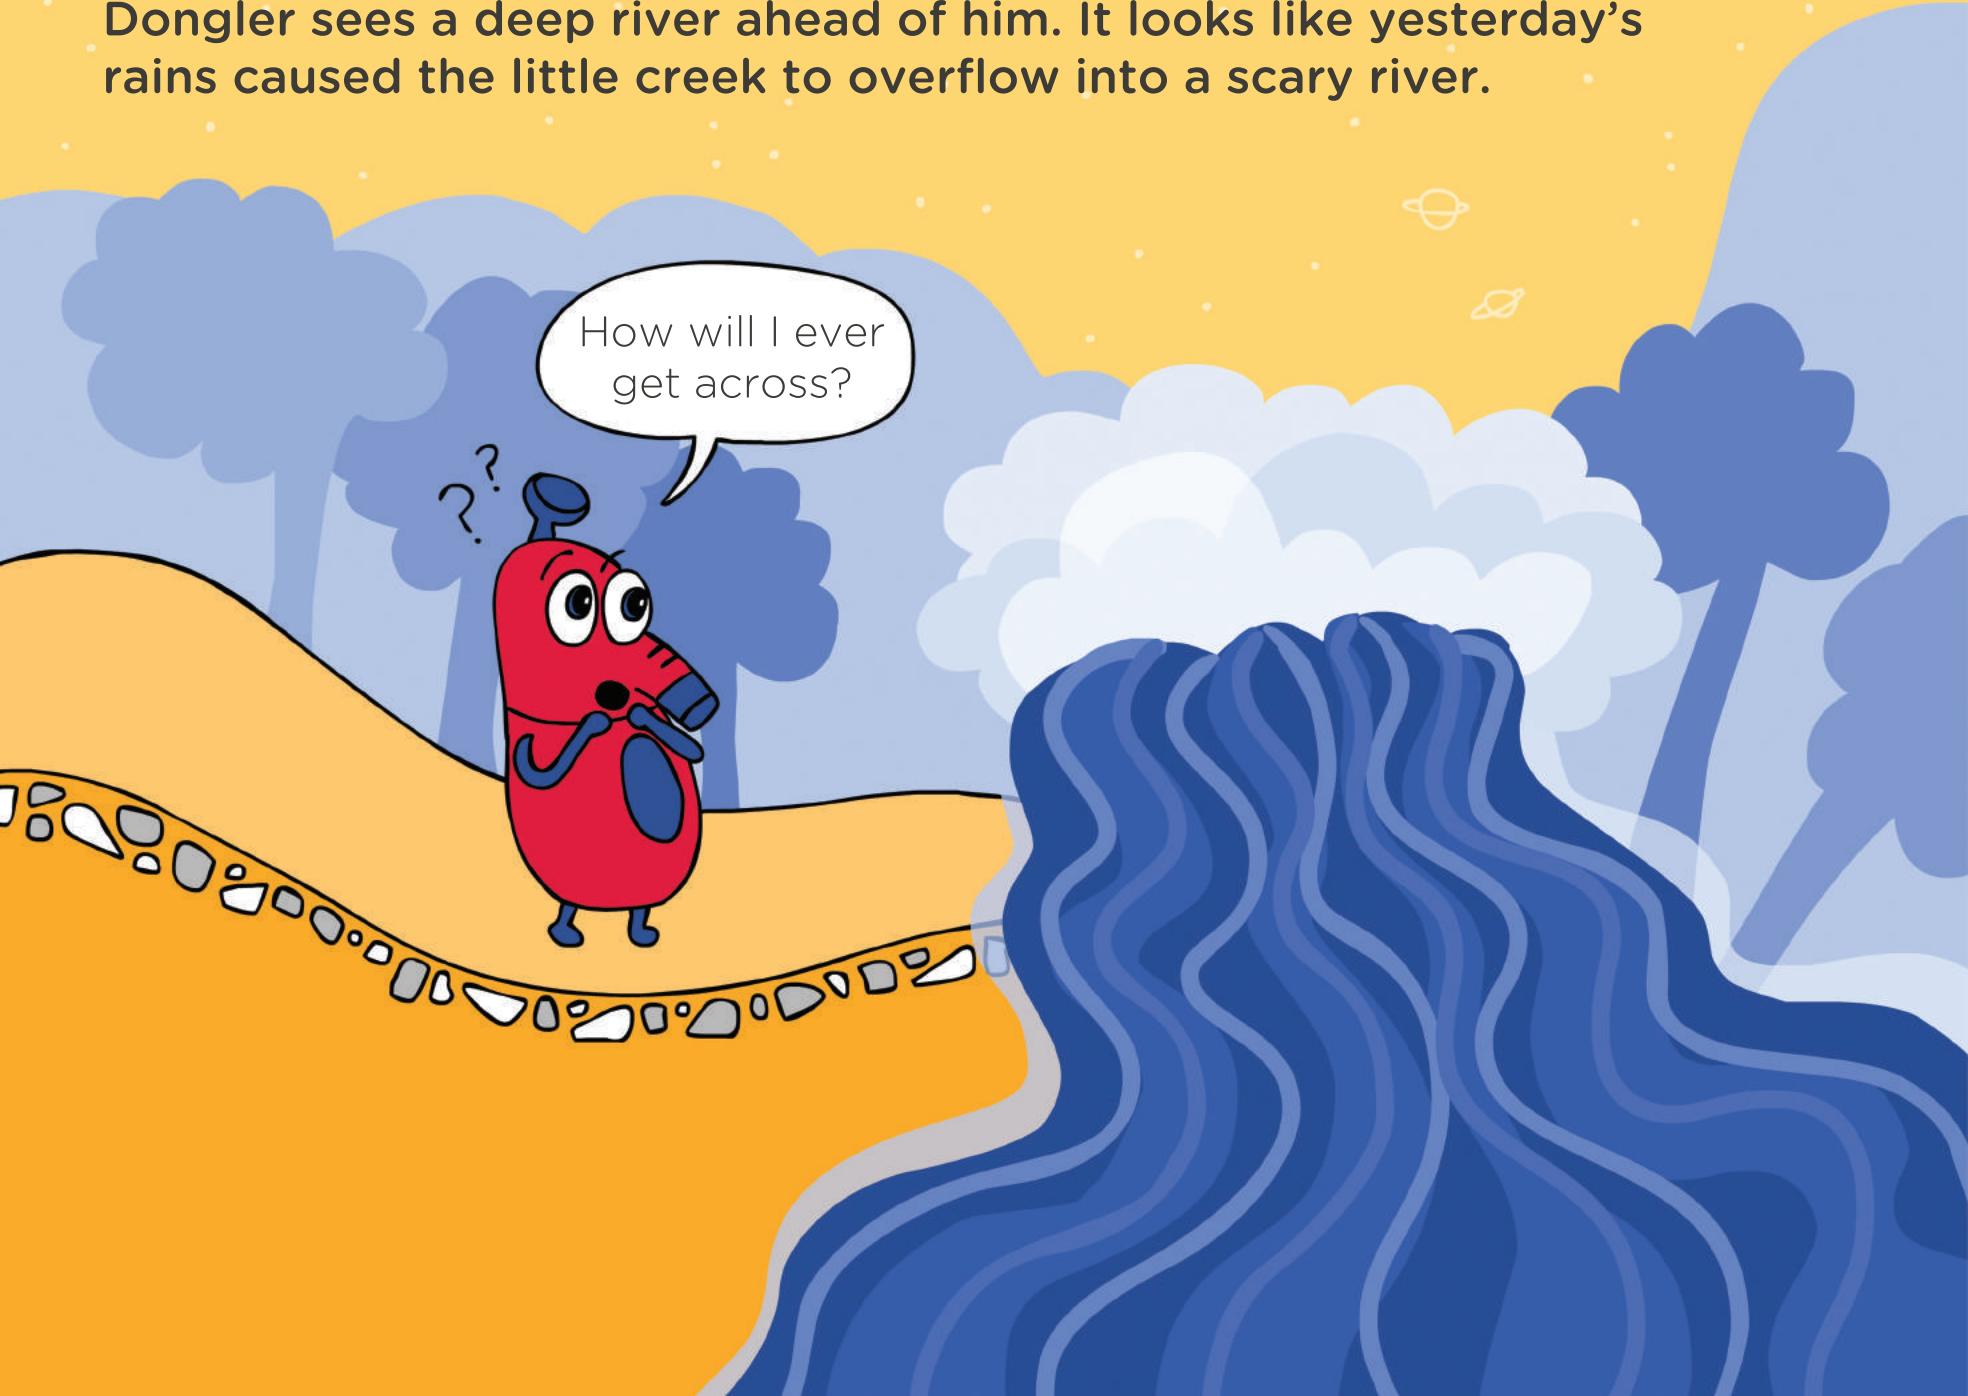

Dongler absolutely loves his wife and her healthy cooking, but he always makes room for a chocolate appetizer.

Dongler is on his way home and ready to garden, flop on his belly and watch his favorite television shows.

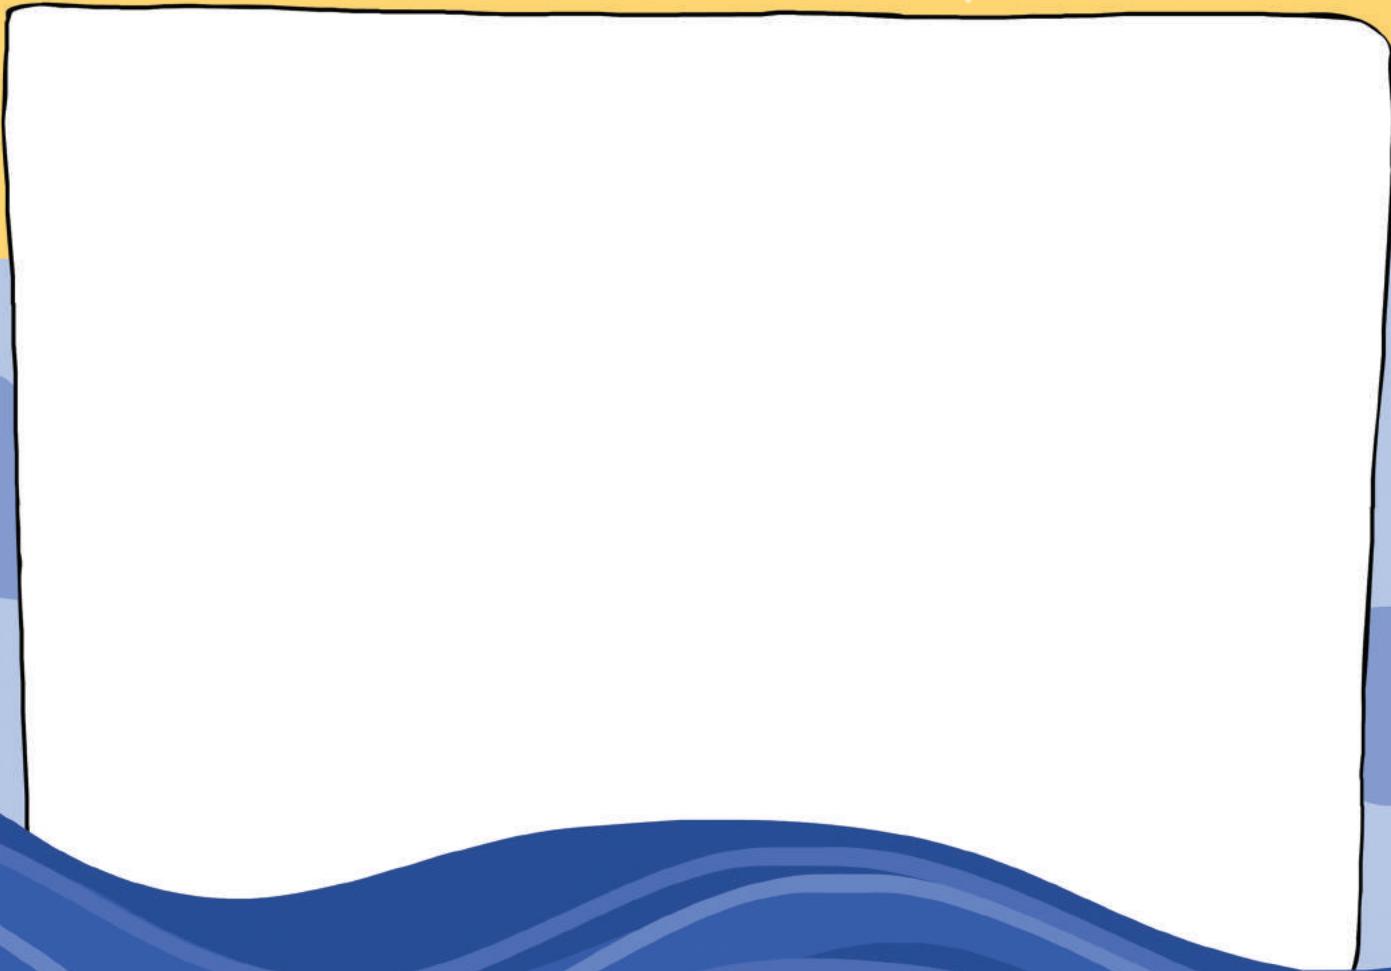

The sun is beginning to set and Dongler is hurrying home before his dinner gets cold.

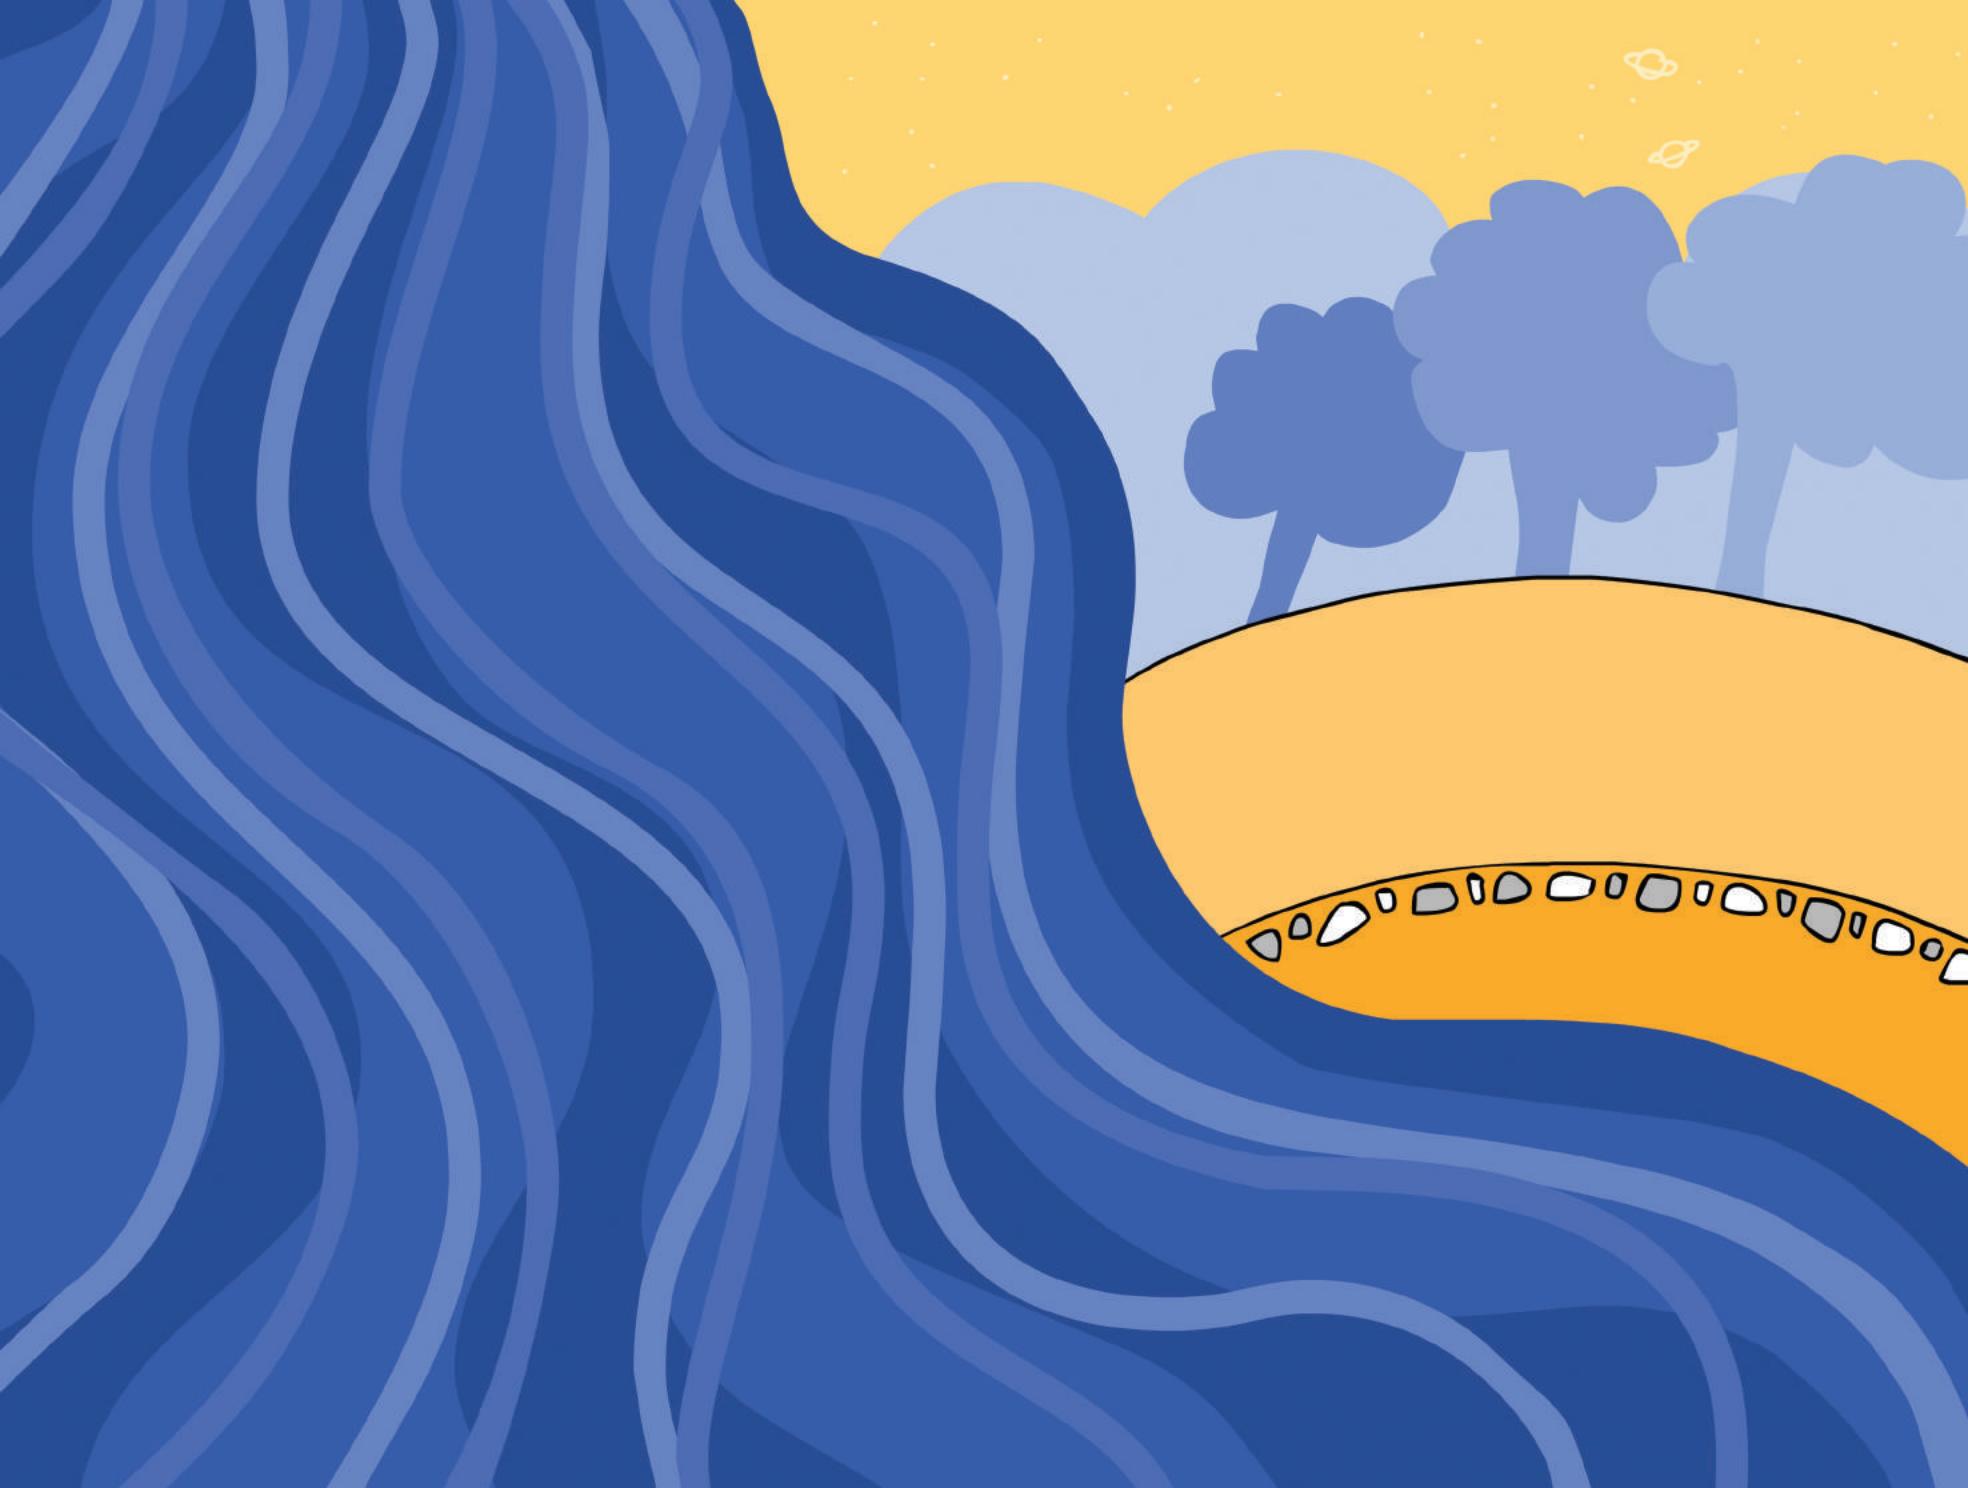

Dongler sees a deep river ahead of him. It looks like yesterday's rains caused the little creek to overflow into a scary river.

Can you draw a friendly bird that will fly Dongler over the river?

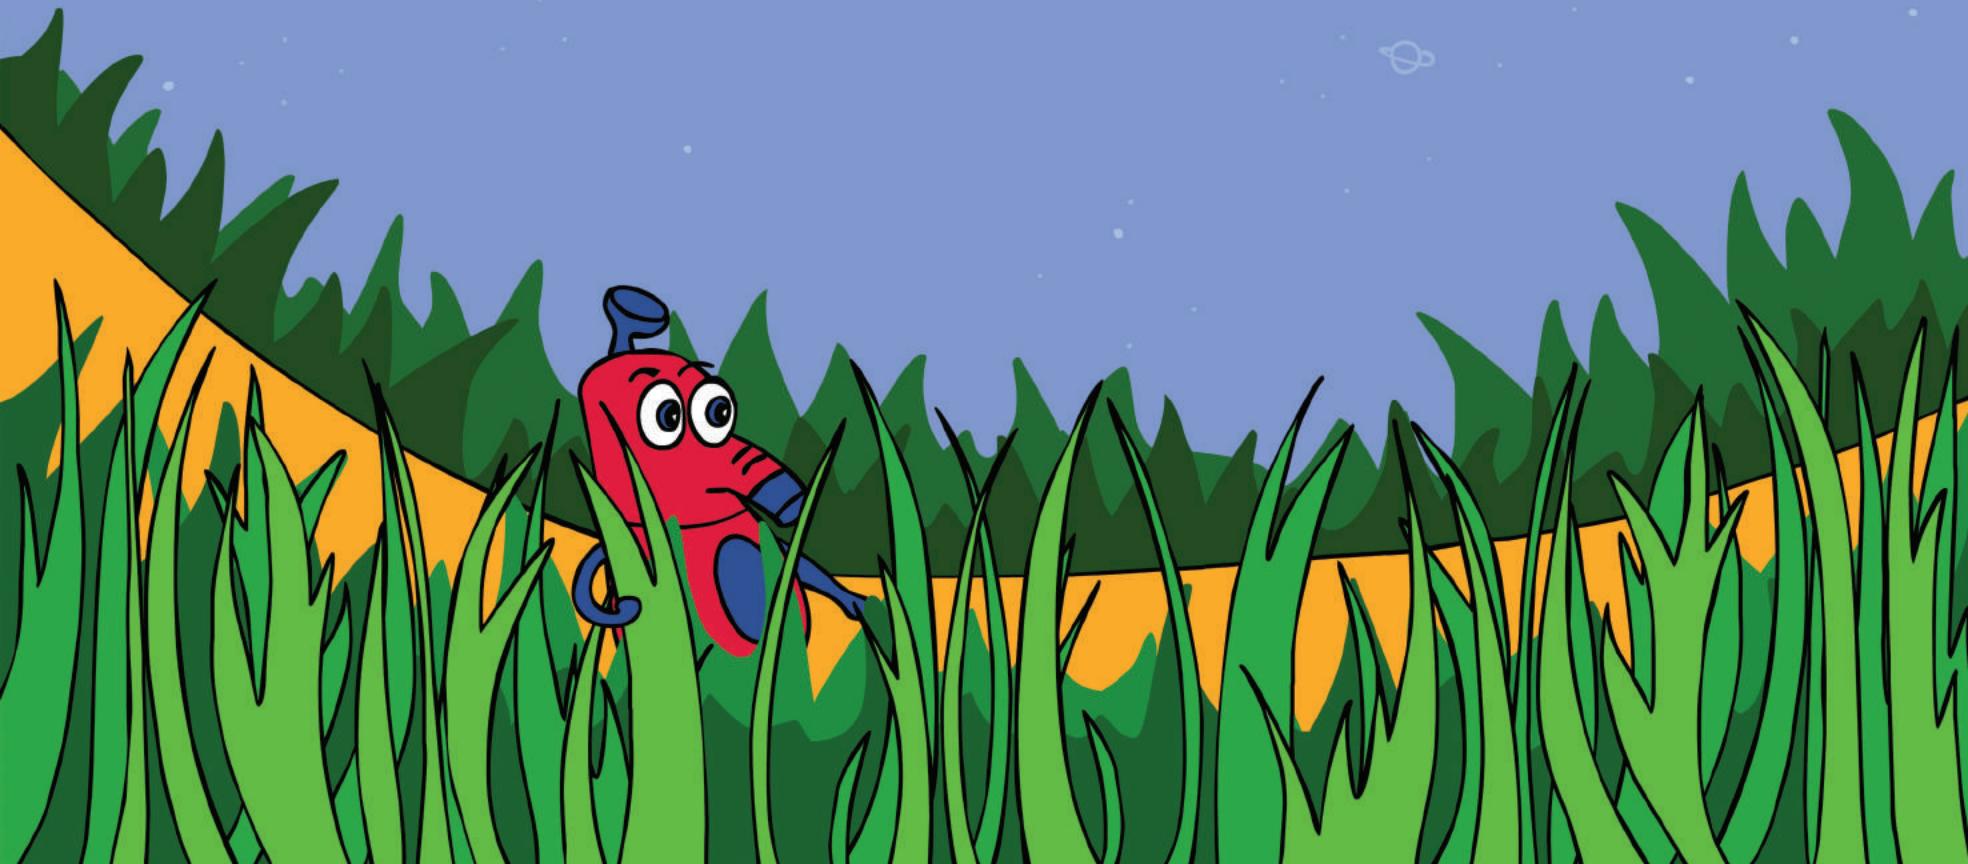

Phew! Thanks to your drawing, Dongler made it across the river safely!

Yikes!

The tall grass is slowing Dongler down and he still has a long way to go.

Can you draw a magical unicorn that  
will carry Dongler faster through the fields?

That's fantastic!  
Thanks to your drawing, Dongler is safe  
and made it through the tall grass in no time!

I'm so close I can  
almost smell it!

Oh gosh! The sun has set even quicker than Dongler expected and the dark woods are getting closer.

Dongler is scared he will get lost in the woods!

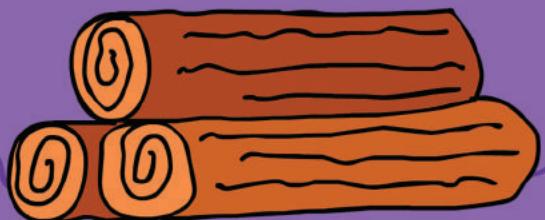

Can you draw a creature with giant eyes  
to help lead the way for Dongler through the forest?

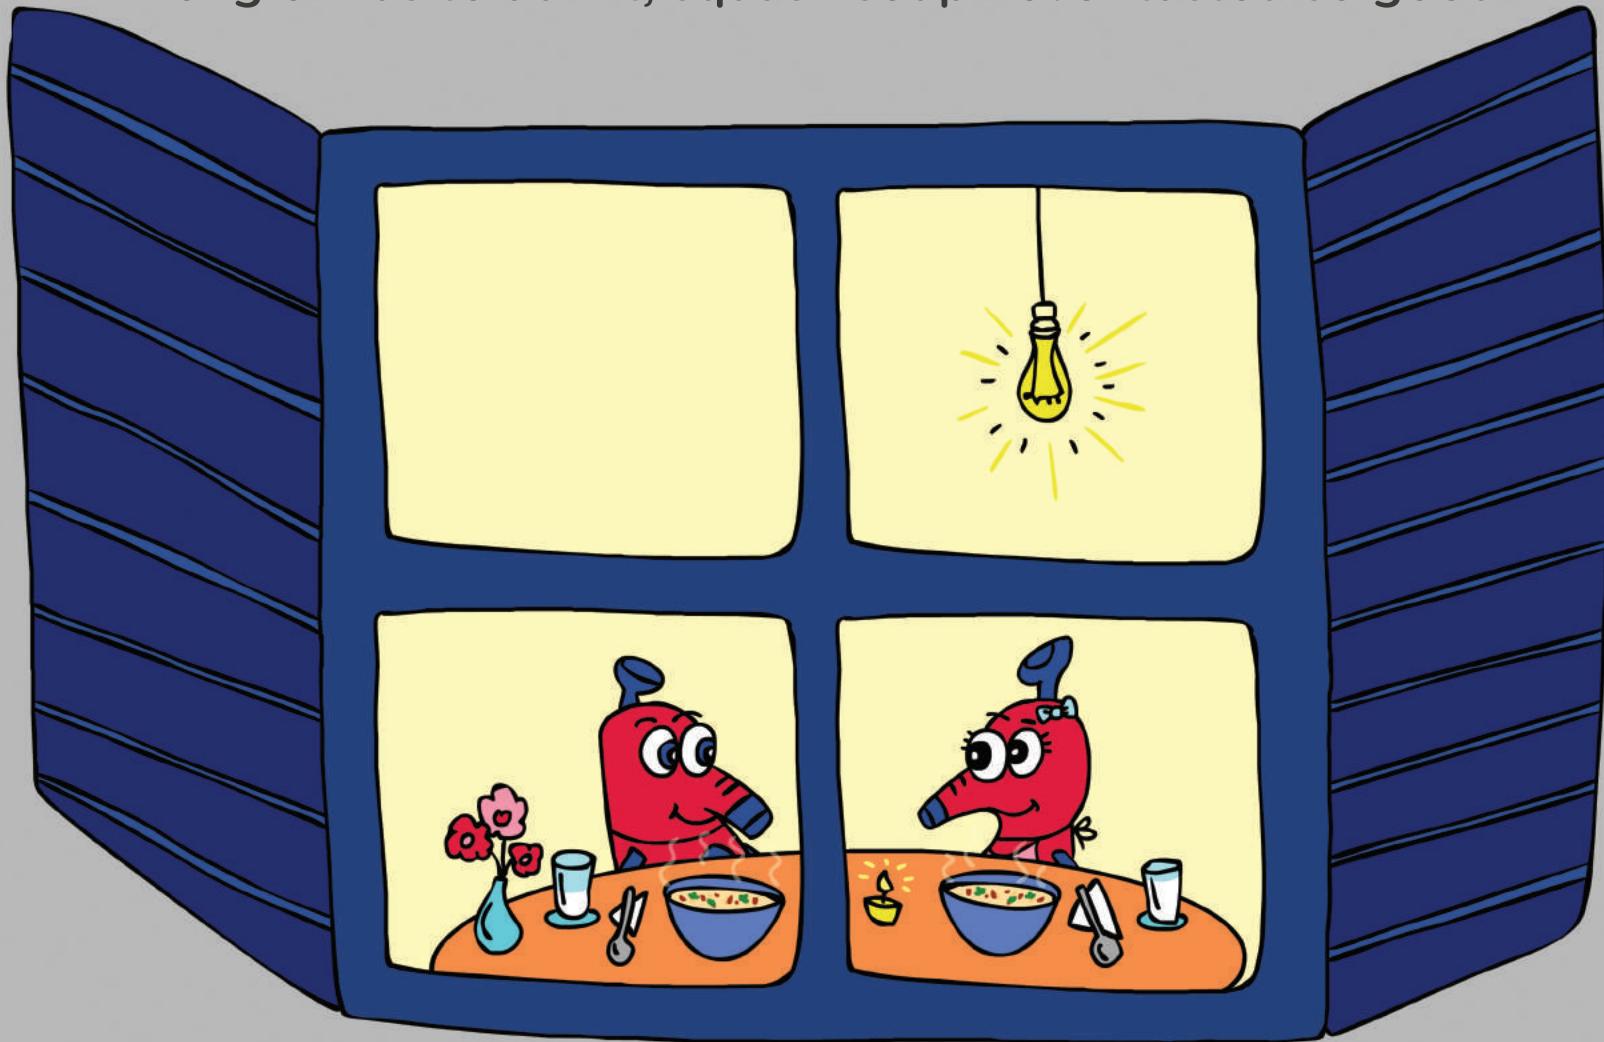

Thanks again to your drawings, Dongler finally made it home for dinner!

I was so worried  
about you!

Dongler has to admit, squash soup never tasted so good.

Your three drawings saved the day for Dongler!  
Now you can bring them to life by turning each into a Budsie!

# About Budsies

Michelle Furmansky, age 14, and her big brother Alex Furmansky, founder & CEO of Budsies. Michelle's childhood drawings first inspired Alex to create Budsies as a way of keeping her creative artistry alive forever!

**Budsies® is the company that brings artwork to life. Founder Alex Furmansky was inspired to create Budsies in 2013 in an effort to save his kid sister Michelle's childhood artwork from moving from the fridge to a basement box to the recycling bin.**

**He realized that by turning his sister's drawings into huggable, custom-sewn stuffed animals, they could live on forever. Since the creation of the very first Budsie, named Dongler by Michelle, more than 10,000 have been designed for thousands of happy customers in countries around the world, including the U.S., France, India and Australia.**
